

# Oracle Forms Java Integration Workshop

Workshop Offer

## Java Beans, PJC & Servlets in Forms

This PITSS.CON workshop gives you the opportunity to:

► **Complete integration of Pluggable Java Components (PJC), Java Beans and Java Servlets in your Oracle Forms applications.**

Forms applications have commonly been in use in companies for many years now. The integration of newer trendsetting technology with Java is not always easy in practice. In this workshop, you will learn to apply methods for the integration of Pluggable Java Components (PJC), Java Beans and Java Servlets quickly, reliably and smoothly.

**Contents:** The workshop will also show you how to integrate Java elements like Pluggable Java Components, Java Beans and Java Servlets in your Oracle Forms applications. We conduct the entire workshop jointly with your team.

We can give you the skills to tackle the following subjects:

- Differences between PJC, Java Beans and Java Servlets
- Guide showing how to compile PJC, Java Beans and Java Servlets
- Integration of PJC, Java Beans and Java Servlets in Forms
- Java solutions for Forms based on examples

**Aims:**

- Creating your own PJC, Java Beans, Java Servlets
- Integrating PJC, Java Beans, Java Servlets in Forms

**Duration:** 3 Days

**Documentation:** The workshop documents and results will be given to you after completing the workshop.

**Target group:** Oracle Developer

**Prerequisites:** Knowledge of Oracle Forms; Base Knowledge of Java

**Scope of offer:** 3-day workshop with your developers at your company; Integrating PJC, Java Beans, Java Servlets in your Forms Application; not including travelling and food/accommodation expenses.
