

PITSS.CON Workshop Reengineering

Workshop Offer

Reengineering of Forms Applications

This PITSS.CON workshop gives you the opportunity to:

► **Modernising your Oracle Forms applications by converting the Forms logic to new structures like SOA. Implementing your logic in structures of SOA with effective transfer of the Forms business logic to the database.**

Do you wish to modernise your Oracle Forms applications and build the results on existing business logic? With PITSS.CON, we can show you how to modernise your Forms applications in a smooth and simple way, transfer the business logic of your applications to the database and bring your applications up to the SOA standard. Benefit from all the advantages by reengineering your Forms applications with PITSS.CON.

Contents: In this workshop, you will learn how to analyse your Oracle Forms applications with PITSS.CON, so that you can then transfer them to SOA. We conduct the entire workshop jointly with your team. We can give you the skills to tackle the following subjects:

- Dead code analysis
- Finding and combing similar or identical program units
- Transferring business logic to the database
- Ascertaining program dependencies and call hierarchies

Aims: Typical procedure for:

- Identification of existing business logic
- Transferring and encapsulating the business logic
- Reusing the business logic
- Recognising the advantages of reengineering
- Eliminating legacies

Duration: 2 Days

Documentation: The workshop documents and results will be given to you after completing the workshop.

Target group: Oracle Forms Developer in companies with Forms 9i and/or 10g

Prerequisites: Knowledge of Oracle Forms

Scope of offer: 3-day workshop with your developers at your company; Analysis of your application; Reengineering of your application with examples; not including travelling and food/accommodation expenses.

ORACLE CERTIFIED ADVANTAGE
PARTNER

Find out how to reengineer your Forms-Application to SOA, without problems!

- ☑ Be SOA READY
- ☑ Reuse established Business Logic of non Forms applications within your Forms-Application
- ☑ Minimize Migration-investment
- ☑ Slimming of applications
- ☑ Performance-Optimization of applications
- ☑ Consolidation of redundancies

About PITSS

PITSS GmbH is the leading provider of complete integrated solutions for effectively managing Oracle Forms applications. The innovative PITSS.CON software offers companies a complete support package for successful analysis, migration, development and maintenance of Oracle Forms applications.
